Detail-oriented and results-driven **Mechanical Engineer** with over 9 years of hands-on experience in hand. Proven ability to lead multidisciplinary teams, ensure compliance with safety regulations, reduce downtime, and optimize operational efficiency. Strong expertise in preventive and corrective maintenance, energy management, and project coordination. Ready to contribute immediately with minimal onboarding.

Work History

Mechanical Engineer — Aug 2022-Sep 2025

Al Yamama Company, Riyadh, Saudi Arabia

PROJECT: KING KHALED INTERNATIONAL AIRPORT RIYADH

- Collaborated with cross-functional teams to complete complex projects on time and within budget.
- Conducted root cause analysis for recurring issues, devising long-term solutions to prevent future occurrences.
- Reviewed subcontractor proposals critically during vendor selection process, securing high-quality services at competitive prices.
- Developed energy-saving initiatives, leading to a significant reduction in utility expenses.
- Managed contractors effectively, ensuring timely completion of facility-related projects while minimizing disruptions to daily operations.
- Managed around 5000 assets of Mechanical Department
- Regulatory adherence to ensure the designs are complying with local, national and international codes (e.g., ASHRAE, SMACNA, NFPA, SBC, OSHA) and maintaining the safety standards.
- Handling the Key Performance Index.
- Oversees purchase and delivery of required materials, and inflow/outflow of site store materials in coordination with Procurement Department. Always keeping an eye on store log.
- Reviewing the design/shop drawing and preparing checklist for any technical or non-technical issue

Site Engineer — Aug 2018-June 2022

Sanctum Technologies, Hyderabad, India

PROJECT: MIRAJ THEATRES & VIJAYA DIAGNOSTIC CENTRE

- Checked technical designs and drawings for adherence to standards.

- Coordinated with subcontractors ensuring their work met project specifications as well as monitored their progress towards completion deadlines.
- Managed on-site resources effectively, including personnel allocation, equipment utilization, and material storage to ensure smooth project progression with minimal downtime.
- Created work schedules and adjusted as needed to meet project deadlines and keep shifts properly staffed.
- Recorded daily events and activities in site diary to evaluate process and improve productivity.
- Reduced material waste through accurate estimation, procurement.
- Delivered projects on time and within budget constraints by effectively managing resources, schedules, and risks.
- Oversaw quality control and health and safety matters for construction teams.

Mechanical Engineer June 2016-June 2018

Omega Healthcare, Bangalore, Karnataka

PROJECT: SALARPURIA SATTVA

- Streamlined workflow within the team through effective communication and collaboration with engineers, technicians, and management.
- Assisted in training new team members on company procedures, policies and technical skills.
- Consistently met high-quality standards for all completed work while adhering to established timelines, ensuring client satisfaction with final results.
- Mitigated potential project risks by proactively identifying and addressing areas of concern before they developed into significant issues.
- Troubleshot and resolved engineering issues to reduce delays and achieve project milestones.
