Employer : Instyle Developments (Pvt.) Ltd, Rajagiriya, Sri Lanka.
Designation : Quantity Surveyor & Auto CAD Draughtsman.
Scope of work : Preparing bar bending schedules, Bill of Quantities & Rate analysis, Site measurements & Sub contractors Bill checking, Architectural design-plans, elevations, sections, perspectives & RC Structures drawn by using Auto CAD. Structural & Architectural plan readings, Sub Contractors handling, Site supervision & maintenance of all site records for multistorey buildings & housing constructions including Electrical & Plumbing works.

- ✓ **From June 2000 to July 2001**

Employer **:** Geotech Testing Service (Pvt.) Ltd, Nugegoda, Sri Lanka.
Place of work **:** Sri Lanka and Maldives.
Designation **:** Technical Assistant.
Scope of work **:** Pile integrity tests, pile dynamic analyzer tests, Mackintosh test, Plate loading tests, Sand cone tests, Water quality test, Borehole tests, Auger hole tests, Lab tests. (Atterberg limits, Sieve Analysis, Hydrometer test) Execution of work in temporary bridge site. (Timber pilling, underwater brackets, bracings)
Above geological tests done by following projects.
(Kelanitissa L&T Power plant project, Kelanitissa Marubini power plant project, Rathnapura Hospital building project, Kalu-Ganga water supply project, Gintota Railway Bridge Project, Hulhumale development project in Maldives, Kerawalapitiy Ceylon Petroleum Co-operation project, Madiwela President's house Project)

- ✓ **From January 2000 to June 2000** (six months training)

Employer **:** Irrigation department, Colombo 07, Sri Lanka.
Designation **:** Trainee Draughtsman.
Scope of work **:** Preparation of working drawings, Bill of Quantities, Cost Estimates, Taking-off Quantities & Computing areas by using planimeter.

PROFESSIONAL QUALIFICATIONS IN CIVIL ENGINEERING FIELD :

- National Certificate in Technology – **Civil Engineering** (3 years)
  (Surveying & Leveling, Building Constructions & Maintenance, Highways Constructions & Maintenance, Water Treatment & Waste Water Disposal, Geology & Elementary Soil Mechanics, Irrigation Practice, Quantity Surveying, Theory & Design of Structures)
- Training program on **Highway Engineering** – University of Moratuwa – Sri Lanka.
  (Module: Best Practices in Asphalt Pavement Construction Including Practical Sessions) - Theory and application related to Asphalt concrete mix design, Asphalt Production, Asphalt Paving, Compaction and Quality Control.
- Training course in **Quantity Surveying & Estimating**.
  (Construction contracts, Contractor documents and tender documents, Tendering methods and tendering process, Standard methods of measurement, Understanding of drawings, Measurement calculations, TDS sheets, Abstract sheets and BOQ preparation, Unit rate, Basic rate and rate analyzing, Interim templates bills preparation, Variations, Extra works and Payments, MS-Excel techniques and for quantity surveyors)
- National certificate in **Draughtsman** apprentice. (1 year full time course in 1999)
  (Pure Mathematics, Applied Mechanics, Draughtsman ship, Geometrical & Mechanical Drawing, Building Construction, Surveying & Leveling, Sanitary Engineering, Civil Engineering Materials)
- Training course in **Architectural Designing**.
  (Perspective & isometric drawings, Structural designs, Regulations of planning & building, Fire regulations, Alarm systems, Parking requirements, Type of foundations, walls and staircase, Professional model making)
- Certificate course in **Auto CAD**.
  (First angle, Third angle, Isometric projections, Building, Casting & assembly drawings)
- Successfully obtained certificate in Introduction to **Modern Project Management Theory & Practice**
  (Introduction to modern project management, Introduction to project profile, Introduction to project phases and organization, Course assessment)
- Successfully obtained **Diploma in Construction Safety**
  (#Discuss the concept of safety in the construction industry. #Define the terms incident, accidents, hazards, and injury. #State the requirements for safety signs and signals requ ired on a construction site. #Analyze the costs of injury and the costs of investment in safety. #Explain the guidelines for an accident investigation. #Define PPE and give examples of PPE for the different human body parts. #Discuss Fall Restraint Systems and Fall Arrest Systems. #State the safety requirements for concreting operations. #Describe the techniques used to minimize and prevent cave-ins. #List the procedures required for safety in tunnel construction)

OTHER QUALIFICATIONS :

- Certificate course in **Electrical**.
- Certificate course in **Electronics.**
- Diploma course in **Computer science**.
  (MS DOS, Windows, MS Word, MS Excel, Power Point, MS Access, DBase iii+, Internet & E-mail)
- Diploma course in **Computer Hardware Engineering with Networking**.
- Certificate course in **Computer Graphic Designing**. (Page Maker, Photoshop, Illustrator, QuarkXpress, Corel Draw, Corel Photo Paint, Free Hand, Computer Colour Separation, Scanning)
- Certificate course in **E-Commerce and Web Development**.
  (HTML, DHTML, Java Script, XML, ASP, COBRA, MS Front Page, Macromedia Dream weaver, Macromedia Flash, Fireworks, Photoshop, MS Access & SQL, E-Commerce Application Development, Technical Areas of the Internet)

EXTRA CURRICULAR ACTIVITIES :

- Sri Lanka & International Driving License. - Heavy Vehicles, Light Vehicles & Motor Cycles.
- Attended Qatar Gas Driving permit - Defensive Driving Training Program in Qatar.
- Attended Laffan Refinery Project - H_2S/SO_2 Training Program in Qatar.
- Attended ISO 9001:2000 Training Program in Qatar.
- Attended ADCO (Abu Dhabi Company for Onshore Oil Operations) Job Performer Safety Training Program in UAE.
- Language Skills - Sinhala, English, Hindi, Arabic.
- Being a Scout.
- Participated in cricket, Volleyball, Table tennis and Badminton.
- Office bearer and student representative in the Technical College.

WORK EXPERIENCE :

24 years work experience in Sri Lanka, Maldives, Mongolia, Qatar, Oman, UAE, Malaysia, Myanmar & Romania.

- Housing projects, Multi story buildings, Supermarkets, Roads, Bridges, Culverts, Wadi, Batching Plants, Treatment Plants, Power Plants, Gas Refinery, Jetty and Renovation of Hotels and Hospital Buildings.
- Auto CAD, Civil 3D, MS Office package, MS Project, Primavera and Graphic Design Soft Ware's.
- Surveying & leveling.
- Electrical & Plumbing works.
- Soil investigation and pile Tests (Laboratory and Field Test)
- Architectural & Interior design-plans, elevations, Cross sections, perspectives, RC Structures, sequence drawings, structural drawings, shop drawings, detail drawings and as-built drawings using AutoCAD.
- Structural & Architectural plan readings, Setting out, Execution of work, Laborers handling, Site supervision & maintenance of all site records.
- Preparing Bill of Quantities & bar bending schedules, Rate analysis, Site measurements & Bill checking.
- Maintain daily reports, Daily cost report, Cash floor chart, Progress chart, Organization Chart.
- Project coordinating, attending to progress meetings and handling with all parties. (Client, Consultant, Contractor and Subcontractors)
